Subject: Announcement under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Press Release

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and other applicable provisions, we wish to inform you that the Board of Directors of the Company, at its meeting held today, has approved and taken on record the Standalone and Consolidated Unaudited Financial Results for the quarter and half year ended September 30, 2025.

Accordingly, please find enclosed herewith the key financial performance highlights for Q2 FY 2025–2026. These documents will be available on our website www.arapl.co.in also.

We request you to kindly take the above information on your records.

Thank you.

Yours faithfully

For Affordable Robotic & Automation Limited

Milind Padole
Managing Director

Encl: As stated

PRESS RELEASE

ARAPL Reports Sturdy H1 & Q2 Performance Driven by Innovation and Global Expansion

Pune, India — October 10, 2025:

Affordable Robotic and Automation Limited (ARAPL) (*BSE: 541402 / NSE: AFFORDABLE*), India's first listed robotics company and a pioneer in industrial automation and smart robotic solutions, announced sturdy financial results for the second quarter ended September 30, 2025.

Company delivered committed revenue growth and **175% growth** in EBIDTA in H1-FY26 (Standalone). The results were approved by the Board of Directors on October 10, 2025.

Key Highlights – Q2 FY2026

- Strong growth across core automation and robotics segments
 - First order for **Atlas AC2000 autonomous truck loading unloading forklift** from a leading U.S. logistics player
 - **ARAPL RaaS** has rebranded its product line under the name **Humro**, derived from *Human + Robot*. The brand embodies the company's vision of **collaborative automation**, where humans and robots work seamlessly together to enhance safety, productivity, and efficiency
 - Expansion of **ARAPL RaaS (Humro)** in global warehouse automation markets
 - Continued investments in deep-tech innovation including in-house vehicle and motor controllers, autonomy kits, digital twins, and AI-driven layers for route optimization, order fulfilment, and zero-integration deployment
 - Healthy order book and improving profitability
-

Global Milestone: Atlas AC2000 Order from U.S.

ARAPL achieved a breakthrough for its subsidiary ARAPL RaaS (Humro) with its first order for the Atlas AC2000 autonomous truck loading and unloading forklift, a next-generation robot for automated truck loading and unloading.

Awarded by a U.S. based logistics major, the order follows three months of successful prototype trials. It includes two robots valued at ₹3.6 crore, leased for three years, marking ARAPL's entry into a new product category. With this client, the project opens the potential for scaled deployment of 15–16 robots per site across 15 U.S. warehouses over the next two years.

This product has potential in US where total 10 million loading unloading docks, across 21,000 warehouses are present.

Financial Performance Q2FY26 (Standalone)

- Net revenue for the quarter stood at **₹2,575.87 lakhs**, registering a robust **37% QoQ growth** compared to ₹1,882.15 lakhs in the previous quarter ended June 30, 2025.
- On a **H1 YoY** basis net revenue stood at **₹4,458.02 lakhs** showing a rise by 8%, reflecting improved business momentum and higher demand realization.
- EBITDA turned positive at **₹596.32 lakhs** during the quarter, marking a substantial improvement over a negative EBITDA of ₹201.29 lakhs in the previous quarter. This represents a remarkable **396% growth** on a **QoQ** basis. On **H1 YoY** basis EBITDA stood at **₹395.03 lakhs** that shows the rise by **175%**, driven by strong operational efficiency and improved contribution from core business segments.
- Profit Before Tax (PBT) surged to **₹438.08 lakhs**, compared to a loss of ₹360.46 lakhs in the preceding quarter, a 222% improvement on **QoQ**. On a **H1 YoY** basis, PBT recorded a significant turnaround from a loss of ₹791.20 lakhs to a profit of ₹77.62 lakhs, up by **110%**.
- Profit After Tax (PAT) for the quarter stood at **₹418.54 lakhs**, representing a **216%** increase **QoQ** and with **₹58.08 lakhs** on **H1 YoY** shown **107%** improvement, represents strong operational efficiency and improved contribution from core business segments.

Management Comments

Milind Padolee, Managing Director, said:

"Our Q2 results reflect the success of our innovation-led growth strategy and the growing global confidence in ARAPL's technology. The Atlas AC2000 order is a defining milestone that validates our engineering strength and accelerates our international expansion. With a healthy order book and continued investment in AI and autonomous systems, ARAPL is well placed to lead the next phase of intelligent industrial transformation."

Innovation and Expansion

ARAPL continued to deepen its presence in the **U.S. market**, expanding partnerships and client relationships in 3PL, E-Commerce, Logistics and Manufacturing.

Continued investments in deep-tech innovation including in-house vehicle and motor controllers, autonomy kits, digital twins, and AI-driven layers for route optimization, order fulfilment, and zero-integration deployment

ARAPL operates from 5 plants located in Pune spanning a total area of **350,000 sq. ft.** advanced facility, supported by **400+ engineers** and technologists in India and 7 team members in USA. It also has a facility in North Carolina and California, US.

About ARAPL

Founded in **2005** and headquartered in **Pune**, **Affordable Robotic & Automation Ltd. (ARAPL)** delivers **turnkey robotic and automation solutions** across **automotive, general manufacturing, and government sectors**. The company specializes in **robotic welding, automated inspection, assembly automation, automated car parking systems & Autonomous Driverless Forklifts (Autonomous Mobile Robots)** for Warehouse Automation.

With multiple facilities including a new plant in **Wadki, Pune**, service centers in **Faridabad, Mumbai, San Francisco, and North Carolina**, and a technology office in **Gurgaon**; **ARAPL** has become **India's first listed robotics company to export autonomous driverless forklifts (AMRs)** to global markets.
